# "SPRING" INTO SUMMER SPECIALS

Cool savings on Swisstrax products as long as supplies last! **Clearance prices** for production seconds which is unheard of savings for the original SWISS designed products that are now produced right here in the USA! These are MANUFACTURER DIRECT prices that might not happen again so take advantage of it now!

We are offering certain styles of tiles at deep discounts. As mentioned, these low prices are limited to stock on hand so act now!! Ask our sales people for exceptional deals on any of our non-discounted items. Prices may vary depending on quantities and availability of each product design and/or color.

These clearance products are brand new but may have small issues with color. These products will function "as new." When production is switched from one color to the other then we get mixed color products with some being lighter than usual or have a "marbeling effect" which is the result of the previous color being produced in the machine. We still offer our outstanding warranty but obviously not on the color.

"If you think you have a deal on another tile out there well think again! Did you get samples of the product? MAKE SURE YOU GET 2 SAMPLES SO THAT YOU CAN SNAP THEM TOGETHER AND SEE HOW GOOD OR BAD THE CONNECTION IS!!! I will send you 2 samples for free just to prove my point so that you see first hand where the price stops and quality takes over. Even our main competitors have tried to copy our look but they still cannot copy our quality!" (Limited to 2 samples per household)  
Randy Nelson, President & CEO

**CALL OR E-MAIL NOW!!!**
